

The QL-HSAFE is the electronic in-room hotel safe from Qlite. The electronic safes contribute to raising the security level in your hotel, increasing your guests' peace of mind. The QL-HSAFE provides sophisticated technology with fashionable design for the design conscious hoteliers in addition to giving peace to the guests' mind when they are out. A separate CEU unit is required per project for reading audit trail and other override functions which can be then read on a PC.

Specifications

Power Supply

4 pcs #5 AA Alkaline Batteries
Average 18 Months' duration

Technology

Numerical Code

Material

4mm Cold-Rolled steel door
Two ¾ Inch diameter steel locking bolts
Scratch resistant powder coated finish

Display

Enhanced LED display

Environment

Ambient Temperature :-50°C to 60°C
Relative Humidity : less than 90%

Dimensions

200mm (H) x 450mm (L) x 400mm (D)

Weight

15 Kg
